INSTITUTIONAL RESEARCH AND REPORTING:

Heck Capital provides institutional consulting services for corporations, retirement plans, foundations / endowments, family offices, high-net-worth individuals, and trusts. Our consulting services are highly personalized, independent, and objective.

Heck Capital's consultants and analysts, along with our Investment Committee, utilize a proprietary methodology to conduct a screening process to help identify speciality mutual funds, index investments, Exchange Traded Funds (ETFs), and managers. The process begins by screening managers (12,800+) and share classes (210,400+) in the mutual fund and ETF universe. We review a thorough analysis of quantitative and qualitative data to select and monitor top ranked managers for consistency, tenure, rankings vs. the index and peer-group, and risk / return comparisons. Mutual funds and ETFs are reviewed in traditional and alternative asset classes, while active and passive investment strategies are scrutinized for distinct and competitive advantages.

FINANCIAL GUIDANCE:

What is financial guidance? Financial guidance is a life-long process that assists you and your family in taking control of your financial future and building your lasting legacy. Financial guidance starts with a comprehensive financial plan that is rigorously evaluated over the course of our clients' lives.

Our mission at Heck Capital is to help define your family's or corporation's goals for the future and navigate a path to help achieve these objectives. We guide you through a personalized investment analysis and ask detailed questions about your risk tolerance, cash flow needs, and long-term objectives. Then, we map out customized financial strategies, solutions, and a detailed plan to help you take control of your financial future.

We truly believe the need for sound financial guidance has never been stronger as the world's largest demographic – the Millennial generation – grapples with soaring education and healthcare costs, rising debt levels, and little-to-no retirement savings. We stand ready to help ease the transition to the next generation.

OUR FIDUCIARY DUTY:

What is our fiduciary duty?

The Investment Advisers Act of 1940 established a fiduciary standard for all investment advisors. This fiduciary standard requires investment advisors to provide advice based on a client's unique situation and objectives. It also requires investment advisors to act in the best interest of the client, placing the client's interests ahead of their own.

How does all of this apply to Heck Capital?

Heck Capital is a fiduciary to all of our clients that we provide advisory services to, including retirement plans and individual/corporate portfolios. Heck Capital is NOT affiliated with any broker-dealer, bank, brokerage firm, or mutual fund company; therefore, our fiduciary duty is to our clients alone. Our fiduciary duty does not start and end with an investment recommendation. Our first meeting with a client merely marks the beginning. We must continually monitor a client's investments and their changing financial situation.

Heck Capital also provides prudent investment advice and strategies for non-profit and charitable organizations, which are subject to the Uniform Prudent Management of Institutional Funds Act (UPMIFA), by investing according to donor intent, care, reasonable costs, overall strategy, diversification, and the ability to provide appropriate assets and investment strategy.

HECK CAPITAL'S FIDUCIARY STANDARDS

- **ACT WITH PRUDENCE, SKILL, CARE, DILIGENCE, AND GOOD JUDGMENT**
- **PROVIDE FULL AND FAIR DISCLOSURE, AND TRANSPARENCY**
- **AVOID CONFLICTS OF INTEREST**
- **FULLY DISCLOSE AND FAIRLY MANAGE IN THE CLIENT'S BEST INTEREST**

As a fiduciary, Heck Capital proudly operates independently and strives to avoid conflicts of interest; therefore, we always have our client's best interest in mind.

“

**HECK CAPITAL IS PROUD OF OUR
FIDUCIARY DUTY AND INDEPENDENCE,
WHICH EMPOWERS OUR CLIENTS.**
